

MODEL ACT — Frontier AI Public Welfare Offenses

v3.3 · typeset edition withdrawn · this file is a signpost so old links resolve

This edition was withdrawn on 17 August 2026, pending a reproducible rebuild from the authoritative source (tagged, checksummed, with a source-to-PDF fidelity test — see CHANGELOG.md and ERRATA.md, entry E7).

The authoritative text is `model_act_v3_3.txt` with `model_act_v3_3_companion.md` — both at the repository root:

github.com/llmaolaw/model-act

The withdrawn typeset edition is preserved unchanged, per the no-deletion rule, at `/archive/model_act_v3_3_withdrawn.pdf`, with its correction attached in the archive README. A verified typeset edition returns with the rebuild.
